

YEAR 6

newsletter

Term 2, 2022.

Welcome back to Belvedere Park and another wonderful term of learning in The Hive! At the conclusion of Term 1, the students and teachers sat down and took time to reflect on our favourite activities from across our first term together. The Year 6 students thoroughly enjoyed cooking and sharing the treats they made with the foundation students at the Teddy Bear's Picnic. They all had fun at the numerous sporting clinics on offer and competed with great enthusiasm at the House Athletics. Our student leaders reflected on the pride they had in wearing their badges and fulfilling their duties.

Another highlight was of course our 3 days at Camp Oasis. The delicious food, candle making, rock climbing and time in the reptile house were some of the favourite activities. One particularly pleasing highlight was the students' ability to describe how they worked towards and achieved their learning goals across all curriculum areas. Well done LEGENDS!

As teachers, we love working with the Year 6 students. They are a personality-filled creative bunch, hard-working and ready to tackle the very busy second term. Please read the upcoming events carefully to help support your child to achieve their best and get the most out of the experiences enjoyed at school.

Choice, Respect, Responsibility, Consequence.

These are the four words we live by in The Hive. It is expected that all students take responsibility for their actions, words and choices and that they understand every choice they make can have a positive or negative consequence. In The Hive each pupil's behaviour is directly linked to the Friday electives. Each Friday afternoon students have a choice of fun activities. Students who have been on the behaviour system during the week accumulate consequences starting with the loss of their choice and increasing to the complete loss of their time. We are encouraging students to see the connection between their choices throughout the week in the classroom and playground and the ability to participate in weekly rewards.

Term 2 Curriculum Content

Maths

- Addition
- Data/Graphs
- Subtraction
- Angles/Shape

Reading

- Making Inferences
- Drawing Conclusions
- Comparing and Contrasting

Writing

- Writer's Notebook
- Information Reports

Extra Opportunities

This term we are offering students the opportunity to join in the Rotary program and Victorian Premiers' Reading Challenge.

Both initiatives are extremely beneficial and we encourage all students to get involved.
